Lorena,

Can you explain why it took 8 months to get this document from you?

Ms. Parker

Can you provide me with information on the assessment amounts in the BID by parcel, what the assessment rate is, how it is determined and collected, and where the rates are codified... the PBID charter you provided did not make any mention of this information.

I would also like to see the text that allows the board to raise the assessment rate as was mentioned at a recent meeting. Is this a decision that only the board will be involved in or will the stakeholders have a voice in the increase in assessments?
